PROFESSIONAL EXPERIENCE

- 2012 – 2015 **Director, Institute of Gerontology**, California State University, Fullerton, CA.
- 2009 – Present **Adjunct Professor of Gerontology**, Leonard Davis School of Gerontology, University of Southern California, Los Angeles, CA.
- 2009 - Present **Director, Center for Successful Aging**, California State University, Fullerton, CA.
- 2005 – Present **Co-Director, Fall Prevention Center of Excellence**, California State University, Fullerton, CA.
- 2002 - Present **Professor**, Division of Kinesiology and Health Science, California State University, Fullerton.
- 2002 - 2005 **Graduate Program Coordinator**, Department of Kinesiology, California State University, Fullerton, CA.
- 1999 – 2008 **Co-Director, Center for Successful Aging**, California State University, Fullerton, CA.
- 2001 – 2004 **Professor, Physical Therapy Department**, Chapman University, Orange, CA.
- 1998 – 2001 Associate Professor, Department of Kinesiology and Health Promotion, California State University, Fullerton, CA.
- 1997 - 1998 **Visiting Scholar in Gerontology**, California State University, Fullerton, CA.
- 1995 - 1997 **Graduate Program Coordinator**, Department of Exercise and Sport Science, Oregon State University, Corvallis, OR.
- 1993 - 1997 **Director**, Oregon State University Balance Retraining Program; Oregon State University, Corvallis, OR.
- 1991 - 1997 **Associate Professor and Director of Motor Behavior Laboratory**, College of Health and Human Performance; Oregon State University, Corvallis, OR.
- 1985 - 1990 **Assistant Professor and Director of Motor Behavior Laboratory**; College of Health and Human Performance; Oregon State University, Corvallis, OR.
- 1982 - 1985 Graduate Research Assistant, Motor Behavior Laboratory; The Pennsylvania State University; University Park, PA.

EDUCATION

- 1983-1985 **The Pennsylvania State University**; University Park, PA
PhD in Motor Behavior: Department of Kinesiology (Conferred June, 1985)
Doctoral Dissertation: *Choosing between movement sequences: The effect of response-choice similarity*

upon the underlying programming operations.

- 1981-1982 **University of Oregon;** Eugene, OR
M.S. in Motor Control and Learning: Department of Exercise and Human Movement Studies (Conferred June, 1982)
Masters Thesis:
- 1972-1976 **University of Melbourne;** Melbourne, Australia
Diploma in Physical Education: Physical Education Department (Conferred October, 1975)
Melbourne State College; Melbourne, Australia
B.Ed in Physical Education (Conferred October, 1976)

AREAS OF CONCENTRATION

Motor Control and Learning: The application of motor control and learning principles to the control of movement patterns and acquisition of motor skills across the lifespan.

Gerokinesiology: The application of sub-disciplinary knowledge to advancing the understanding of the determinants of successful aging and prevention and/or management of disability in older adult and clinical populations.

Fall Risk Reduction: The development of fall risk screening and assessment tools and fall risk reduction programs designed to lower fall risk and enhance mobility in older adult and clinical populations.
